**State of Qualification:**

I have a degree from the University of Utah in Sociology and Physical Education with a teaching certificate. I attended on an athletic scholarship, participating in volleyball, basketball and track.

I have nearly 30 years in the public service sector. I taught and coached at Highland High School for ten years, with a State Championship in girls' basketball. I then moved to Murray School District and worked with at-risk youth/families, overseeing the drug/alcohol prevention program. For the past ten years, I have been the Grants Manager for the Salt Lake City Police Department, bringing over \$20 million dollars to SLC.

I chaired the Murray Gang Prevention Task Force and the Crime Prevention Council. In 2000, I was elected to the District 5 City Council seat. In that position, I served as chairman for eight years and vice chairman one year. I also held leadership roles in both the budget committee and the Murray Redevelopment Agency. Further, I represent the City on the Valley Emergency Communications Board.

I look forward to serving the City as Mayor, and to re-energizing the community by protecting neighborhoods, continuing to attract strong businesses that reinforce our tax base, and becoming more sustainable.
